Welcome to another great year of “Coyote Baseball”. Cerro Coso has a rich tradition of fielding competitive teams in college sports. We are privileged to help our students develop as eager scholars and competitive athletes, and to encourage them to be the best players they can be. At Cerro Coso we believe college athletes develop leadership skills in strategic and tactical planning, self-discipline, time management, teamwork, a sense of fairness, persistence, competitiveness, pride and loyalty, lifetime fitness, and lifelong friendships that give them a competitive edge in today’s workplace. Our students learn to push themselves harder and farther than they ever imagined possible. The physical education and athletic programs at Cerro Coso Community College are an integral part of the overall educational experience. At a time when the state budget is forcing painful cuts, Cerro Coso athletics desperately needs your help in training the leaders of tomorrow. I encourage your support of our athletes. Please consider joining our Cerro Coso Athletic Boosters Organization. The college is facing one of the worst financially challenging times in history, but with partners like you we can look forward to a fun and exciting year of Coyote sports. I look forward to seeing you all at the games cheering on our players and having a great time.

Welcome to the 2011-12 season! At Cerro Coso our student athletes have the chance to compete against top opponents, get great exposure to college athletic recruiters and work with incredible coaches who are often their teachers off the field. The Coso Athletic family takes great pride in offering a positive experience for all our student athletes . . . .

. . . Go Coyotes!
Cerro Coso Community College is one of three colleges in the Kern Community College District. The College is charged with the responsibility of providing educational opportunities for the widely separated desert, mountain, and valley communities within a sweeping 18,000 mile, four county, region of eastern California. Cerro Coso’s service area includes a population base of just over 85,000 individuals. The College officially opened in the fall of 1973, and within the year began expanding its service area to include the present region.

Cerro Coso, as an institution, has a long history of valuing students as individuals with unique capabilities and needs and a teaching-learning process that motivates students towards excellence.

The College In General
Cerro Coso Community College is one of three colleges in the Kern Community College District. The College is charged with the responsibility of providing educational opportunities for the widely separated desert, mountain, and valley communities within a sweeping 18,000 mile, four county, region of eastern California.

The 320-acre Indian Wells Valley Campus is located in the upper Mojave Desert in the community of Ridgecrest, with a population of 28,000. Ridgecrest is located 130 miles northeast of Los Angeles and 120 miles east of Bakersfield. The Indian Wells Valley campus features a new state-of-the-art Learning Resource Center and computer facility. Also new to the IWV campus is a solar photovoltaic field that serves the main building, saving the college hundreds of thousands of dollars a year in electricity costs. Ridgecrest is expected to grow by up to 10,000 residents over the next several years due to national military base realignment. The local naval base, the Naval Air Warfare Center, China Lake, is a major economic entity in the community of Ridgecrest.

Kern River Valley Campus
The Kern River Valley Campus serves the communities of the Kern River Valley from its campus at the Kern Valley Plaza in Lake Isabella. Students in Lake Isabella, Woford Heights, Kernville, Mt. Mesa, South Lake, and Onyx can find easy access to the campus via public and private transportation. The campus offers both day and evening classes to provide educational alternatives including two-year programs leading to transfer to the university level, two-year AA and AS degrees, short-term vocational programs, single-course options which may lead to immediate employment, personal enrichment classes, and professional upgrade classes. Kern River Valley Campus offers testing, counseling, advisement, and financial aid assistance, which can enable students to meet their educational goals.

South Kern Campus
The South Kern Campus serves the communities of Edwards Air Force Base, North Edwards, Mojave, Boron, and California City. The program is administered from Edwards Air Force Base where the college maintains an office provided by the United States Air Force. Associate degree programs in Liberal Arts and Business are offered through the South Kern Campus. In addition, a variety of computer application and special interest courses are available. The college’s Industrial Safety program is coordinated through this campus. A new facility is in the planning phase for California City, as well as expanded ITV connections at Edwards Air Force Base.

CC Online
CC Online, Cerro Coso Community College’s virtual campus, currently offers sixteen associate degrees online, the general education courses necessary to meet transfer requirements to a four year institution, and student support services. CC Online has an international reputation for excellence and provides an extraordinary opportunity for those too distant from a community college or too involved in business or family to pursue higher education during traditional hours. In addition to online classes we now offer numerous Interactive Television (ITV) courses, many of which can be accessed from any of our campus centers. ITV allows students from all of our campuses to attend a single class simultaneously in state-of-the-art facilities.

For more information about CC Online please access our website located at http://cconline.cerrocoso.edu or by telephone at 1-888-537-6932

Lakes, Bishop, Big Pine, Lone Pine, Independence, and Death Valley, as well as other locations in Inyo and southern Mono Counties. A comprehensive educational program with both day and evening classes is provided, including courses for transfer, general interest, general education, and occupational programs. College Centers are maintained in the communities of Bishop and Mammoth. New facilities were recently completed in 2004 in both Bishop and Mammoth.
A Great Place To Live And Work

Ridgecrest is a community where you’ll find old-fashioned family values and a low-stress life-style, as well as unexcelled technical facilities and expertise. We’re located in the Indian Wells Valley, a high-desert setting framed by four mountain ranges, including the majestic Sierra Nevada. Our town is known for its beautiful skies, excellent schools, safe neighborhoods, and closeness to nature. Serving as the trade and cultural center for more than 57,000 people, Ridgecrest boasts big-city amenities while still maintaining a small-town atmosphere. Whether you come here to work, to retire, or to play, Ridgecrest is a place you’ll love to call home.

Climate

The climate of the Indian Wells Valley is dry, with mostly mild temperatures. Cool evenings and low humidity offer relief from the midday heat of summer. The average daytime temperature during the summer season is 100º, with the average nighttime temperature only 51º. During the rest of the year, the average daytime temperature is 83º, with a 26º average nighttime temperature. During the past ten years, an average of 4.5 inches of rain has fallen on our valley.

Population

Ridgecrest has a population of about 28,000. The community is also a shopping and service center for smaller populations in China Lake, Inyokern, the Rand Mining District, and unincorporated areas of the Indian Wells Valley for a total population of around 35,000. People of all ages, races, and ethnic origins live here harmoniously.

Location

Ridgecrest is in the Indian Wells Valley, located in California’s Upper Mojave Desert. The valley has an elevation of 2,400 feet and is encircled by four mountain ranges - the Sierra Nevada on the west, the El Paso Range on the south, the Argus Range on the east, and the Coso Range on the north. Ridgecrest is about 130 miles northeast of Los Angeles, 120 miles east of Bakersfield, and 110 miles north of San Bernardino.

Community Profile

Accessibility

With its convenient location near two major highways (U.S. 395 and State 14), Ridgecrest functions as the center of commerce for a large geographic area, as well as the gateway to the recreation and tourism opportunities of the High Desert and the Eastern Sierra. Just 10 minutes away from Ridgecrest is Inyokern Airport, which offers several passenger flights daily to Los Angeles International Airport, plus next-day air cargo service via Federal Express and United Parcel Service. Enterprise and other rental car services are available at the airport with prior reservation.

Advantages And Assets

One major advantage to life in Ridgecrest is the low cost of living. We have the lowest commercial and residential real estate prices in California, shopping and recreation at reasonable prices, and average commute times of less than 10 minutes.

The Indian Wells Valley has:

- A small-town life-style with clubs and activities for every age and interest.
- A skilled, highly educated technical work force.
- Housing costs that are among the lowest in the nation.
- Proximity to the spectacular scenery and recreational pleasures of the High Sierra and Death Valley National Park.
- Easy access to major metropolitan areas.
- Lower than average labor costs.
- Links to institutions of higher education through Cerro Coso College’s modern telecommunications and Internet-based systems.
Naval Air Warfare Center (NAWC)

Our community has an array of sophisticated technical assets available through arrangement with the Navy at China Lake. After the end of the Cold War, Defense Department demands on China Lake’s laboratory and range assets declined. The private sector may now arrange to use many of those irreplaceable assets for non-defense applications.

- High-tech equipment and facilities, many of them unique to China Lake.
- 1,777 square miles of highly instrumented test ranges.
- World-class technology and expertise transferable to the private sector.

Coso Petroglyphs

Dating between 1,000 and 3,000 years old, the Coso petroglyphs are part of one of the largest concentrations of Native American rock art in North America.

Trona Pinnacles

The unusual landscape consists of more than 500 tufa spires, some as high as 140 feet, rising from the bed of the Searles Dry Lake basin. The Trona Pinnacles have been featured in many still-photo shoots, commercials, and films, including Star Trek - The Final Frontier, Planet of the Apes, and Dinosaur.

Inyokern Airport And Industrial Park

Nearby Inyokern Airport provides passenger flights daily to Los Angeles International Airport. An industrial park located at the airfield has land available for development.

Red Rock Canyon State Park

Picnic area, scenic drive, rock climbing, hiking, repelling, and much more.
Baseball Field
The “Dawg Yard” was constructed in 1993 and has undergone many changes and improvements throughout its 13 seasons of play. Through the vision of Coach Dick Adams and the muscle and sweat of the Dawgs, the Dawg Yard continues to be Cerro Coso’s field of dreams.

Softball Field
Completed in 2002, the Women’s Fastpitch Softball field has only seen one season of play to date. Due to budget cuts in California, Cerro Coso College has temporarily suspended the Women’s Fastpitch Softball program.

Racquetball Courts
With an average of 350 sunny days a year, the racquetball courts are available year-round.

Track & Field
The Cerro Coso track and field have been used by many local youth teams, as well as regional Special Olympics competitions.

Tennis Courts
Previously located to the north of the main building, expanded and improved tennis court facilities are now located on the west end of the campus as part of the athletics complex.

Gymnasium
The Raymond A. McCue Athletics Complex was dedicated in 1992. The gymnasium is the home of the Lady Coyote’s Basketball Team, as well as the various Physical Education facilities and athletics staff offices. Aerobics, Circuit, and Weight Lifting rooms meet the needs of both athletes and general students.
We’d like to thank the staff at Cerro Coso Community College for their support of the athletic program and for all that they do to help make our program a success. These groups make up the “Behind the Scenes” efforts in the athletic program and assist not only the athletics staff, but the athletes as well. We couldn’t do it without you!
Value of Athletics

What Benefit Will A Player Derive From Participating In Athletics?

Taking part in athletics is one of the most important parts of our educational system. There is no other course in our schools today which can offer all the following benefits:

1. Competition. Our entire way of life is based on competition. Every person is competing to improve or maintain his standing. What better way to learn this important principle than through athletics?

2. Physical Well Being. The nation is becoming more conscious of the inadequacy of our youth in physical fitness. Through athletics, a foundation is built that can correct this situation.

3. The Release of Physical Energy. Someway, somehow students will find a way to release their physical energy. Athletics offer a wholesome medium for this purpose.

4. Recognition. Through guidance, players can learn to accept recognition in a proper manner. They learn that the praises they receive are not due to their effort alone.

5. Understanding. Players working together for a common cause learn to accept victory or defeat in a mature manner. Team members soon learn how to understand each other and to make adjustments for the good of the team.

6. Emotional Control. “When the going gets tough, the tough get going.” The athlete learns to get going, by tackling The task at hand. Emotional blow-ups only hamper him/her.

7. Discipline. We hear the cry that young people need to learn discipline. Athletics teach self-discipline, vital to successful adult life.

8. Perseverance. Athletes learn to stay with the job and not give up until the contest is over.

9. Thinking Under Pressure. The accomplished businessman can attribute much of his success to this factor. Athletes learn it early in their career and use this ability the rest of their lives.

10. Loyalty. Being faithful to a team, a group, a cause, is an important lesson of athletics. A person will not fail himself when he has learned the lesson of being true to others.

Get Fit, Stay Well

Physical Education Classes

Quality Programs - Fully Qualified Instructors - Fantastic Facilities

Fitness Classes
- Aerobic Dance
- Cardiovascular Fitness
- Personal Lifelong Fitness
- Weight Training
- Wellness Walking

Lifetime Sports Activities
- Golf
- Tennis
- Baseball
- Volleyball
- Basketball

Head Coach: Jon Holmes  
Assistant Coach: Joe Haughaboo  
Athletic Director: Kim Kelly-Schwartz  760.384.6353  
VP Student Services: Heather Ostash  760.384.6249  
Nickname: Coyotes  
Gymnasium: McCue Center (2,500)
Jonathan Holmes assumes the Coyote head coaching duties for 2011-2012 season after serving as head coach for Burroughs High School here in Ridgecrest from 2006-2011. Jonathan brings a wealth of experience as both a coach and player including playing under Coach Dick Adams as a middle infielder from 1994-1996 here at Cerro Coso.

Jonathan attended high school at Rancho High School in Las Vegas, NV and graduated in 1994. Turning down offers to go play collegiately elsewhere Holmes chose Cerro Coso largely because of the opportunities the junior college level route offered. Coming out of Las Vegas he made all Southern Nevada honors in baseball. He continued his honors while playing at Cerro Coso making all conference Foothill selections in both his freshman and sophomore year playing up the middle for coach Adams. He won the gold glove award for Cerro Coso his sophomore year and received a scholarship to go play for national powerhouse California Baptist University in 1997 when they went on to the NAIA world Series that season. He finished up his College career at California Baptist in 1999 and graduated with honors in 2000.

Jonathan’s coaching career began in 2000 when he took over a Semi-Pro Baseball team in Southern California. He started his winning ways right away as he coached the California Blaze to three consecutive league titles in the Pomona Semi-pro league based out of the inland empire and had 102 wins and 21 losses during the three seasons in the league. The Blaze switched leagues in 2004 to play in the very competitive SPLB out of Oceanside and Hollywood area where Holmes also coached them to back to back titles in 2004 and 2005 and SPLB world series appearances both years in Arizona. Jonathan took over the Burroughs position in 2006 and led them to the DIII playoffs in his first season after Burroughs not seeing the playoffs since 2001. He finished off his career at Burroughs as he started it getting Burroughs back into the playoffs in 2011 losing in the second round to eventual CIF state champions Bishop Amat.

“I am very excited and ready for the professional move to the Junior College level. I am very passionate about the game and believe we can get back to the very high level of play that Cerro Coso has been known for in the past. My job is not just to build this program back up but to mold these young men into mature adults and prepare them for the next level in life, not just sports.”-Jonathan Holmes

Joe Haughaboo Graduated from the oldest high school in Las Vegas, Rancho High School, following in his father’s footsteps. He played two years of high school baseball, two years of high school football, and one year of high school basketball. After high school Joe attended Cerro Coso, and played two years of baseball. When Joe left Coso he joined a Semi-Pro Baseball Club, (So. Cal Blaze). Joe played for a year, before joining the So. Cal Blaze coaching staff. During this time he was volunteering at the local high school baseball team (Burroughs).
### George Eckert

**Hometown:** Ridgecrest, CA  
**Major:** Engineering  
**Five Year Goal:** Graduate, Bachelors

- The way I like spending my free time: School work, FIFA, roommate bonding  
- Something I’m really good at: Rubiks Cube

- Something nobody would know about me: I am a power hitter  
- Biggest accomplishment of my life so far: Graduated high school

- Three words that best describe me: Smart, kind and funny  
- My strengths are: Academics, hitting  
- My favorite movie: Billy Madison

- A motto I believe in: “It is what it is”  
- Something really important to me: Family

- If I had a week to go anywhere: Go to Alaska and hike to the top of Mt. McKinley  
- Being successful means: Being more successful than everyone in my same field of work.

- Greatest influence: My parents because they are supportive.  
- Easiest thing about school: Math  
- Most challenging thing about school: Going to class

- Languages I can speak: English/Spanish  
- Favorite color: Orange  
- Favorite food: Mexican

- Favorite holiday: Christmas  
- Favorite music: Country  
- Favorite day: Monday  
- Favorite sport: Baseball

### Adam Neubaur

**Hometown:** Jamestown, NY  
**Major:** Criminal Justice  
**Five Year Goal:** Have a degree and feel good about myself

- The way I like spending my free time: Hanging out with the teammates  
- Something I’m really good at: Video games

- Something nobody would know about me: Grades matter  
- Biggest accomplishment of my life so far: Maintaining a 3.69 GPA in my first year of college

- Three words that best describe me: Consistent, happy and funny  
- My strengths are: Schoolwork  
- My favorite movie: Step Brothers

- A motto I believe in: “Never back down”  
- Something really important to me: My parents

- If I had a week to go anywhere: Go to Hawaii and vacation all over  
- Being successful means: Having a high paying job, a family and a healthy kid

- Greatest influence: My parents because they are who raised me  
- Easiest thing about school: Maintaining my grades

- Most challenging thing about school: Waking up  
- Favorite color: Red  
- Favorite food: Tacos

- Favorite holiday: Christmas  
- Favorite music: Hip Hop  
- Favorite day: Saturday  
- Favorite sport: Baseball
SAM FAIRCHILD

Hometown: Ridgecrest, CA  Major: Undecided
Five Year Goal: Have a job to support my family
The way I like spending my free time:
Hanging out with teammates and watching/playing baseball
Something I’m really good at: NBA 2k11
Something nobody would know about me: I get good grades
Biggest accomplishment of my life so far: Going to college
Three words that best describe me: Motivated, determined and positive
My strengths are: Playing sports and getting good grades
My favorite movie: Coach Carter  A motto I believe in: “Go big or go home”
Something really important to me: School and baseball
If I had a week to go anywhere: Go to Africa
Being successful means: Achieving the goals I have set for myself
Greatest influence:
My parents because they are always there to motivate me
Easiest thing about school: Going to class and studying
Most challenging thing about school: Making time to study
Favorite color: Red  Favorite food: Enchiladas  Favorite holiday: Christmas
Favorite music: Any  Favorite day: Friday  Favorite sport: Baseball

MATT VALLET

Hometown: Moapa Valley, NV  Major: Fire Technology
Five Year Goal: Become a firefighter
The way I like spending my free time:
Hanging at the cabin, smashing Sam at 2k11 Basketball
Something I’m really good at: Drafting my fantasy football team, FIFA
Something nobody would know about me: Grades are very important to me
Biggest accomplishment of my life so far: 3.61 GPA—my first year of college
Three words that best describe me: Determined, hardworking and optimist
My strengths are: Athletic and hardworking  My favorite movie: Harry Potter
A motto I believe in: “If you ain’t first, you’re last”
Something really important to me: Family
If I had a week to go anywhere: Vacation to Hawaii
Being successful means: Meeting my goals
Greatest influence:
My dad because he pushed me to who I am today
Easiest thing about school: Going to class
Most challenging thing about school: Getting all the homework done
Favorite color: Blue  Favorite food: Pizza  Favorite holiday: Christmas
Favorite music: Rap  Favorite day: Friday  Favorite sport: Baseball

Catering available for all occasions
The Cerro Coso Coyotes 2011 baseball season has come to an end. The Coyotes finished the season with a 12-24 overall record, and an 8-16 Foothill Conference record. The Coyotes finished the season with some positive offensive statistics. The Cerro Coso bats finished in the top 10 state rankings in Batting Average (.306), and Hits (376). They finished in the top 25 in Slugging Pct. (.397), On Base Pct. (.390), RBI (192), Doubles (62), Triples (11), Total Bases (487), and Stolen Base Pct. (.808).

Three Coyotes Sophomores Receive All Conference Honors

German Barajas received second team honors at first base. Barajas hit .404 in 29 games. He also scored 25 runs and drove in 27 more. German also racked up 16 doubles which was the third most in the state. Perry Martin also received second team honors as a designated hitter. This was quite the feat as Perry played in only 25 games, and 22 of them he played on a partially torn ACL. Martin hit a team leading .429 which put him fourth best in the state. The lone first teamer was outfielder Mykol Sostarich. Sostarich posted a .345 BA and was one of only two Coyotes to play in all 36 games. Mykol led the team in multiple offensive categories including At bats (139), Runs (32), Hits (48), Triples (3), Home Runs (3), RBI (42), and Stolen Bases (11). His 42 RBI’s landed him third in the state.

“I am very proud of all these players who have been honored with All Conference awards. They have put in the time over the past year to improve their game and develop into top notch Junior College players. They all have bright futures in the game and I wish them the best of luck,” Coach Montgomery.

Catch The Coyotes Online

The Cerro Coso Coyote Athletics website has all the info you need to stay connected each season. From rosters to schedules, player bios to news articles, you can find out just about anything you want to know about our teams. Also available are directions, camp info, facilities, staff, and college information.

The Pyramid of Success
Success is peace of mind which is a direct result of self-satisfaction in knowing you did your best to become the best that you are capable of becoming.

Give It Your All
Coyotes!!!!
Cerro Coso has had athletic programs for over 34 years, offering hundreds of students the opportunity to fulfill their dreams of being a college student athlete. Coyote Athletics Alumni have moved into many roles. We are honored to say our Coyotes are teachers, firefighters, physical therapists, business owners, professional athletes, teachers and coaches.

Goals of Cerro Coso Community College Athletics Boosters (CCCCAB)

1. Build awareness in the community and college as to “what is” CCCCAB.
2. Create annual fundraising events that will be come integrated into the community and allow for the addition and maintenance of CCCC athletics programs.
3. Grow the population of supporters for this organization, not just including financial support but the manpower support required to keep CCCCAB viable long term.
4. Partner with all coaches to help improve the college facilities for their sport so they can focus on coaching the student athletes.

Booster Support Opportunities
