Welcome to another great year of “Coyote” athletics. Cerro Coso Community College has a tradition of fielding competitive teams in college sports.

We are very excited about the addition of a Women’s Volleyball Team to the athletic programs at Cerro Coso Community College this fall. In a tough economy, bringing back and running a new program takes a community effort with everyone working towards a common goal. With help from donations and volunteer work, the CCCC Athletics Boosters have raised funds to help fund a new team for the college. The Women’s Volleyball Team is an example of the hard work and dedication of our Coyote Boosters. I encourage your support of our athletes. Please consider joining our Cerro Coso Athletics Boosters Organization.

Our athletes learn to push themselves harder and farther than they ever imagined possible. The physical education and athletic programs at Cerro Coso Community College are an integral part of the overall educational experience. The college is facing one of the worst, financially challenging times in history, but with partners like you we can look forward to a fun and exciting year of Coyote sports. I look forward to seeing you all at the games cheering on our players and having a great time. Go Coyotes!

At Cerro Coso we believe college athletes develop leadership skills in self-discipline, strategic and tactical planning, time management, team work, persistence, competitiveness, lifetime fitness, and lifelong friendships that give them a competitive edge in today’s workplace. It’s a great time to be a Coyote fan!

Welcome to another exciting year of Cerro Coso athletic competition. I encourage our student athletes to be as aggressive with their studies as they are with the sports they play and enjoy their CCCC experience. Competing in athletics at Cerro Coso gives our students the privilege and responsibility to represent the college, student body, sports, team, and the communities to the best of their abilities and with the utmost respect. At a time when the state budget is forcing painful cuts, Cerro Coso athletics desperately needs your help in training the leaders of tomorrow. Get ready for an aggressive season of “Coyote” sports.

Welcome to the 2012-13 season! At Cerro Coso our student athletes have the chance to compete against top opponents, get great exposure to college athletic recruiters and work with incredible coaches who are often their teachers off the field. The Coso Athletic family takes great pride in offering a positive experience for all our student athletes . . .

Go Coyotes!

ABOUT CERRO COSO

The College
In General
Cerro Coso Community College is one of three colleges in the Kern Community College District. The College is charged with the responsibility of providing educational opportunities for the widely separated desert, mountain, and valley communities within a sweeping 18,000 mile, four county, region of eastern California.

Cerro Coso's service area includes a population base of just over 85,000 individuals. The College officially opened in the fall of 1973, and within the year began expanding its service area to include the present region.

Cerro Coso, as an institution, has a long history of valuing students as individuals with unique capabilities and needs and a teaching-learning process that motivates students towards excellence.

Indian Wells Valley Campus
The 320-acre Indian Wells Valley Campus is located in the upper Mojave Desert in the community of Ridgecrest, with a population of 28,000. Ridgecrest is located 130 miles northeast of Los Angeles and 120 miles east of Bakersfield. The Indian Wells Valley campus features a new state-of-the-art Learning Resource Center and computer facility. Also new to the IWV campus is a solar photovoltaic field that serves the main building, saving the college hundreds of thousands of dollars a year in electricity costs. Ridgecrest is expected to grow by up to 10,000 residents over the next several years due to national military base realignment. The local naval base, the Naval Air Warfare Center, China Lake, is a major economic entity in the community of Ridgecrest.

East Kern Center
The East Kern Center serves the communities of Edwards Air Force Base, North Edwards, Mojave, Boron, and California City. The program is administered from Edwards Air Force Base where the college maintains an office provided by the United States Air Force. Associate degree programs in Liberal Arts and Business are offered through the East Kern Center. In addition, a variety of computer application and special interest courses are available. The college’s Industrial Safety program is coordinated through this campus. A new facility is in the planning phase for California City, as well as expanded ITV connections at Edwards Air Force Base.

Kern River Valley Campus
The Kern River Valley Campus serves the communities of the Kern River Valley from its campus at the Kern Valley Plaza in Lake Isabella. Students in Lake Isabella, Wofford Heights, Kernville, Mt. Mesa, South Lake, and Onyx can find easy access to the campus via public and private transportation. The campus offers both day and evening classes to provide educational alternatives including two-year programs leading to transfer to the university level, two-year AA and AS degrees, short-term vocational programs, single-course options which may lead to immediate employment, personal enrichment classes, and professional upgrade classes. Kern River Valley Campus offers testing, counseling, advisement, and financial aid assistance, which can enable students to meet their educational goals.

Eastern Sierra College Center
The Eastern Sierra College Center serves the communities of Mammoth Lakes, Bishop, Big Pine, Lone Pine, Independence, and Death Valley, as well as other locations in Inyo and southern Mono Counties. A comprehensive educational program with both day and evening classes is provided, including courses for transfer, general interest, general education, and occupational programs. College Centers are maintained in the communities of Bishop and Mammoth. New facilities were completed in 2004 in both Bishop and Mammoth.

CC Online
CC Online, Cerro Coso Community College’s virtual campus, currently offers sixteen associate degrees online, the general education courses necessary to meet transfer requirements to a four year institution, and student support services. CC Online has an international reputation for excellence and provides an extraordinary opportunity for those too distant from a community college or too involved in business or family to pursue higher education during traditional hours. In addition to online classes we now offer numerous Interactive Television (ITV) courses, many of which can be accessed from any of our campus centers. ITV allows students from all of our campuses to attend a single class simultaneously in state-of-the-art facilities.

For more information about CC Online please access our website located at http://www.cerrocoso.edu/cconline or by telephone at 1-888-537-6932.

ABOUT RIDGECREST

A Great Place To Live And Work

Ridgecrest is a community where you'll find old-fashioned family values and a low-stress lifestyle, as well as unexcelled technical facilities and expertise. We're located in the Indian Wells Valley, a high-desert setting framed by four mountain ranges, including the majestic Sierra Nevada. Our town is known for its beautiful skies, excellent schools, safe neighborhoods, and closeness to nature. Serving as the trade and cultural center for more than 57,000 people, Ridgecrest boasts big-city amenities while still maintaining a small-town atmosphere. Whether you come here to work, to retire, or to play, Ridgecrest is a place you'll love to call home.

Community Profile

Accessibility

With its convenient location near two major highways (U.S. 395 and State 14), Ridgecrest functions as the center of commerce for a large geographic area, as well as the gateway to the recreation and tourism opportunities of the High Desert and the Eastern Sierra. Just 10 minutes away from Ridgecrest is Inyokern Airport, which offers several passenger flights daily to Los Angeles International Airport, plus next-day air cargo service via Federal Express and United Parcel Service. Enterprise and other rental car services are available at the airport with prior reservation.

Location

Ridgecrest is in the Indian Wells Valley, located in California's Upper Mojave Desert. The valley has an elevation of 2,400 feet and is encircled by four mountain ranges - the Sierra Nevada on the west, the El Paso Range on the south, the Argus Range on the east, and the Coso Range on the north. Ridgecrest is about 130 miles northeast of Los Angeles, 120 miles east of Bakersfield.

Advantages And Assets

One major advantage to life in Ridgecrest is the low cost of living. We have the lowest commercial and residential real estate prices in California, shopping and recreation at reasonable prices, and average commute times of less than 10 minutes.

The Indian Wells Valley has:

- A small-town lifestyle with clubs and activities for every age and interest.
- A skilled, highly educated technical workforce.
- Housing costs that are among the lowest in the nation.
- Proximity to the spectacular scenery and recreational pleasures of the High Sierra and Death Valley National Park.
- Easy access to major metropolitan areas.
- Lower than average labor costs.
- Links to institutions of higher education through Cerro Coso College's modern telecommunications and Internet-based systems.

Population

Ridgecrest has a population of about 28,000. The community is also a shopping and service center for smaller populations in China Lake, Inyokern, the Rand Mining District, and unincorporated areas of the Indian Wells Valley for a total population of around 35,000. People of all ages, races, and ethnic origins live here harmoniously.

Climate

The climate of the Indian Wells Valley is dry, with mostly mild temperatures. Cool evenings and low humidity offer relief from the midday heat of summer. The average daytime temperature during the summer season is 100º, with the average nighttime temperature only 51º. During the rest of the year, the average daytime temperature is 83º, with a 26º average nighttime temperature. During the past ten years, an average of 4.5 inches of rain has fallen on our valley.

AROUND RIDGECREST

Naval Air Warfare Center (NAWC)

Our community has an array of sophisticated technical assets available through arrangement with the Navy at China Lake. After the end of the Cold War, Defense Department demands on China Lake's laboratory and range assets declined. The private sector may now arrange to use many of those irreplaceable assets for non-defense applications.

- High-tech equipment and facilities, many of them unique to China Lake.
- 1,777 square miles of highly instrumented test ranges.
- World-class technology and expertise transfer able to the private sector.

Coso Petroglyphs

Dating between 1,000 and 3,000 years old, the Coso petroglyphs are part of one of the largest concentrations of Native American rock art in North America.

Inyokern Airport And Industrial Park

Nearby Inyokern Airport provides passenger flights daily to Los Angeles International Airport. An industrial park located at the airfield has land available for development.

Red Rock Canyon State Park

Picnic area, scenic drive, rock climbing, hiking, repelling, and much more.

Trona Pinnacles

The unusual landscape consists of more than 500 tufa spires, some as high as 140 feet, rising from the bed of the Searles Dry Lake basin. The Trona Pinnacles have been featured in many still-photo shoots, commercials, and films, including Star Trek - The Final Frontier, Planet of the Apes, and Dinosaur.

Gymnasium

The Raymond A. McCue Athletics Complex was dedicated in 1992. The gymnasium is the home of the Lady Coyote’s Basketball and Volleyball teams, as well as the various Physical Education facilities and athletics staff offices. Aerobics, Circuit, and Weight Lifting rooms meet the needs of both athletes and general students.

Baseball Field

The “Dawg Yard” was constructed in 1993 and has undergone many changes and improvements throughout its 19 seasons of play. Through the vision of Coach Dick Adams and the muscle and sweat of the Dawgs, the Dawg Yard continues to be Cerro Coso’s field of dreams.

Softball Field

Completed in 2002, the Women’s Fastpitch Softball field has only seen one season of play to date. Due to budget cuts in California, Cerro Coso College has temporarily suspended the Women’s Fastpitch Softball program.

Track & Field

The Cerro Coso track and field have been used by many local youth teams, as well as regional Special Olympics competitions.

Tennis Courts

Previously located to the north of the main building, expanded and improved tennis court facilities are now located on the west end of the campus as part of the athletics complex.

Racquetball Courts

With an average of 350 sunny days a year, the racquetball courts are available year-round.

2013 COYOTES STAFF

JON HOLMES
Head Coach

Jonathan Holmes is in his second year as Head Coach for the Cerro Coso Community College 2012-2013 Coyote baseball team.

Jonathan’s previous position was head coach for Burroughs High School in Ridgecrest from 2006-2011. Jonathan brings a wealth of experience as both a coach and player including playing under Coach Dick Adams as a middle infielder from 1994-1996 here at Cerro Coso.

Jonathan attended high school at Rancho High School in Las Vegas, NV and graduated in 1994. Turning down offers to go play collegiately elsewhere Holmes chose Cerro Coso largely because of the opportunities the junior college level route offered. Coming out of Las Vegas he made all Southern Nevada honors in baseball. He continued his honors while playing at Cerro Coso making all conference Foothill selections in both his FRESHMEN and sophomore year playing up the middle for coach Adams. He won the gold glove award for Cerro Coso his sophomore year and received a scholarship to go play for national powerhouse California Baptist University in 1997 when they went on to the NAIA world Series that season. He finished up his College career at California Baptist in 1999 and graduated with honors in 2000.

Jonathan’s coaching career began in 2000 when he took over a Semi-Pro Baseball team in Southern California. He started his winning ways right away as he coached the California Blaze to three consecutive league titles in the Pomona Semi-pro league based out of the inland empire and had 102 wins and 21 losses during the three seasons in the league. The Blaze switched leagues in 2004 to play in the very competitive SPLB out of Oceanside and Hollywood area where Holmes also coached them to back to back titles in 2004 and 2005 and SPLB world series appearances both years in Arizona. Jonathan took over the Burroughs position in 2006 and led them to the DIII playoffs in his first season after Burroughs not seeing the playoffs since 2001. He finished off his career at Burroughs as he started it getting Burroughs back into the playoffs in 2011 losing in the second round to eventual CIF state champions Bishop Amat.

“I am very excited for my second year at Cerro Coso. I am very passionate about the game and believe we can get back to the very high level of play that Cerro Coso has been known for in the past. My job is not just to build this program back up but to mold these young men into mature adults and prepare them for the next level in life, not just sports,” commented Coach Jonathan Holmes.

JOE HAUGHABOO
Assistant Coach

Joe Haughaboo is in his second year as Assistant Coach for Cerro Coso Community College.

Joe graduated from the oldest high school in Las Vegas, Rancho High School, following in his father’s footsteps. He played two years of high school baseball, two years of high school football, and one year of high school basketball. After high school Joe attended Cerro Coso Community College and played two years of baseball. When Joe left Cerro Coso he joined a Semi-Pro Baseball Club, (So. Cal Blaze). Joe played for a year, before joining the So. Cal Blaze coaching staff. During this time he was also volunteering at Burroughs High School in Ridgecrest for their baseball team.

THREE WORDS THAT DESCRIBES ME: tall, kind, good looking

STRENGTHS: Baseball, athletic
THINGS I WANT TO IMPROVE: Being more consistent and responsible
FAVORITE MOVIE: The Sandlot
THE MOTTO I BELIEVE IN: “Can’t hate the player, when the player loves the game”
SOMETHING REALLY IMPORTANT TO ME: Baseball
IF I HAD A WEEK TO GO ANYWHERE I WOULD: Go to Southern California, Newport/Huntington Beach
TO ME, BEING SUCCESSFUL MEANS: Improving in all aspects of life
THE GREATEST INFLUENCE ON MY LIFE IS: God because he strengthens me
THE EASIEST THING ABOUT SCHOOL IS: Going to class
THE MOST CHALLENGING THING ABOUT SCHOOL IS: Homework/tests
LANGUAGE I CAN SPEAK: English
FAVORITE COLOR: Blue
FAVORITE FOOD: Mexican
FAVORITE HOLIDAY: Christmas
FAVORITE MUSIC: Hip Hop
FAVORITE DAY OF THE WEEK: Saturday
FAVORITE SPORT: Baseball
MY FAVORITE: Family

THE PYRAMID OF SUCCESS

Success is peace of mind which is a direct result of self-satisfaction in knowing you did your best to become the best that you are capable of becoming.

Give It Your All Coyotes!!!!

WITH THANKS!

We’d like to thank the staff at Cerro Coso Community College for their support of the athletic program and for all that they do to help make our program a success. These groups make up the “Behind the Scenes” efforts in the athletic program and assist not only the athletics staff, but the athletes as well.

We couldn’t do it without you!

1111 N China Lake Blvd, Ridgecrest, CA 93555  Tel 760.499.3855  Fax 760.499.3870
What Benefit will a Player Derive from Participating in Athletics?

Taking part in athletics is an important part of our educational system. There is no other course in our schools today which can offer all the following benefits:

1. **Competition.**
   Our entire way of life is based on competition. Every person is competing to improve or maintain his standing. What better way to learn this important principle than through athletics?

2. **Physical Well Being.**
   The nation is becoming more conscious of the inadequacy of our youth in physical fitness. Through athletics, a foundation is built that can correct this situation.

3. **The Release of Physical Energy.**
   Someway, somehow students will find a way to release their physical energy. Athletics offer a wholesome medium for this purpose.

4. **Recognition.**
   Through guidance, players can learn to accept recognition in a proper manner. They learn that the praises they receive are not due to their effort alone.

5. **Understanding.**
   Players working together for a common cause learn to accept victory or defeat in a mature manner. Team members soon learn how to understand each other and to make adjustments for the good of the team.

6. **Emotional Control.**
   “When the going gets tough, the tough get going.” The athlete learns to get going, by tackling. The task at hand. Emotional blow-ups only hamper him/her.

7. **Discipline.**
   We hear the cry that young people need to learn discipline. Athletics teach self-discipline, vital to successful adult life.

8. **Perseverance.**
   Athletes learn to stay with the job and not give up until the contest is over.

9. **Thinking Under Pressure.**
   The accomplished businessman can attribute much of his success to this factor. Athletes learn it early in their career and use this ability the rest of their lives.

10. **Loyalty.**
    Being faithful to a team, a group, a cause, is an important lesson of athletics. A person will not fail himself when he has learned the lesson of being true to others.

---

A Special Thank You To

Debra Holland   Grace & Steve Felix   Kim & Nick Young

For Their Generous Donations

A wise woman once had a dream to change the lives of women for the better. Her hope was so contagious that, one person at a time, her dream spread around the world. Today, nearly 50 years later, millions have been touched by the legacy that Mary Kay Ash left. I'm proud to share in her commitment of caring and connecting in communities — just like ours — to help make a difference.

Cerro Coso has had athletic programs for over 35 years, offering hundreds of students the opportunity to fulfill their dreams of being a college student athlete. Coyote Athletics Alumni have moved into many roles. We are honored to say our Coyotes are teachers, firefighters, physical therapists, business owners, professional athletes, teachers, and coaches.

Goals of Cerro Coso Community College Athletics Boosters (CCCCAB)

1. Build awareness in the community and college as to “what is” CCCCAB.

2. Create annual fundraising events that will become integrated into the community and allow for the addition and maintenance of CCCC athletics programs.

3. Grow the population of supporters for this organization, not just including financial support but the manpower support required to keep CCCCAB viable long term.

4. Partner with all coaches to help improve the college facilities for their sport so they can focus on coaching the student athletes.
