Welcome to another great year of “Coyote” athletics. Cerro Coso Community College has a tradition of athletics that extends nearly four decades. Over the years thousands of student-athletes have enjoyed the opportunity to don their Coyote uniform with pride as they laid the foundation for generations to come.

The tradition continues, as today’s teams represent alumni and the community in competition and in the classroom. Athletics plays an important role in creating a fun and exciting campus life as our student athletes build character, leadership skills, and community pride.

We could not possibly do all the things we do without the generous and compassionate aid of the Cerro Coso Coyote Club. Their mission is to bring the community together to build a foundation of support for our student-athletes that provides them with opportunities to excel in the classroom and in competition. I encourage your support of our athletes. Please consider joining our Coyote Club.

With the support of our community we are looking forward to a fun and exciting year of Coyote sports. I look forward to seeing you all at the games cheering on our players and having a great time. Go Coyotes!

Cerro Coso is privileged to help students develop as eager scholars and competitive athletes, and to encourage them to be the best players they can be. At Cerro Coso we believe college athletes develop leadership skills in self-discipline, strategic and tactical planning, time management, team work, persistence, competitiveness, lifetime fitness, and lifelong friendships that give them a competitive edge in today’s workplace. It’s a great time to be a Coyote fan!

About Cerro Coso

The College In General
Cerro Coso Community College is one of three colleges in the Kern Community College District. The College is charged with the responsibility of providing educational opportunities for the widely-separated desert, mountain, and valley communities within a sweeping 18,000-mile, four-county region of eastern California. Cerro Coso’s service area includes a population base of just over 85,000 individuals. The College officially opened in the fall of 1973, and within the year began expanding its service area to include the present region. Cerro Coso, as an institution, has a long history of valuing students as individuals with unique capabilities and needs and a teaching-learning process that motivates students towards excellence.

Ridgecrest/Indian Wells Valley Campus
The 320-acre Indian Wells Valley Campus is located in the upper Mojave Desert in the community of Ridgecrest, with a population of 28,000. Ridgecrest is located 130 miles northeast of Los Angeles and 120 miles east of Bakersfield. The Indian Wells Valley campus features a new state-of-the-art Learning Resource Center and computer facility. The IWV campus has a solar photovoltaic field that serves the main building, saving the college hundreds of thousands of dollars a year in electricity costs. The local naval base, the Naval Air Warfare Center, China Lake, is a major economic entity in the community of Ridgecrest.

East Kern Center
The East Kern Center serves the communities of Edwards Air Force Base, North Edwards, Mojave, Boron, and California City. The program is administered from Edwards Air Force Base where the college maintains an office provided by the United States Air Force. Associate degree programs in Liberal Arts are offered through the East Kern Center. In addition, a variety of computer application and special interest courses are available. A new facility is in the planning phase for California City, as well as expanded ITV connections at Edwards Air Force Base.

Kern River Valley Campus
The Kern River Valley Campus serves the communities of the Kern River Valley from its campus at the Kern Valley Plaza in Lake Isabella. Students in Lake Isabella, Wofford Heights, Kernville, Mt. Mesa, South Lake, and Onyx can find easy access to the campus via public and private transportation. The campus offers both day and evening classes to provide educational alternatives including two-year programs leading to transfer to the university level, two-year AA and AS degrees, short-term vocational programs, single-course options which may lead to immediate employment, personal enrichment classes, and professional upgrade classes. Kern River Valley Campus offers testing, counseling, advisement, and financial aid assistance, which can enable students to meet their educational goals.

Eastern Sierra College Center
The Eastern Sierra College Center serves the communities of Mammoth Lakes, Bishop, Big Pine, Lone Pine, Independence, and Death Valley, as well as other locations in Inyo and southern Mono Counties. A comprehensive educational program with both day and evening classes is provided, including courses for transfer, general interest, general education, and occupational programs. College Centers are maintained in the communities of Bishop and Mammoth Lakes.

CC Online
CC Online, Cerro Coso Community College’s virtual campus, currently offers thirteen associate degrees online, the general education courses necessary to meet transfer requirements to a four year institution, and student support services. CC Online has an international reputation for excellence and provides an extraordinary opportunity for those too distant from a community college or too involved in business or family to pursue higher education during traditional hours. In addition to online classes we now offer numerous Interactive Television (ITV) courses, many of which can be accessed from any of our campus centers. ITV allows students from all of our campuses to attend a single class simultaneously in state-of-the-art facilities. For more information about CC Online please access our website located at http://www.cerrocoso.edu/cconline or by telephone at 1-888-537-6932.

A Great Place to Live and Work
Ridgecrest is a community where you’ll find old-fashioned family values and a low-stress lifestyle, as well as excellent technical facilities and expertise. We’re located in the Indian Wells Valley, a high-desert setting framed by four mountain ranges, including the majestic Sierra Nevada. Our town is known for its beautiful skies, excellent schools, safe neighborhoods, and closeness to nature. Serving as the trade and cultural center for around 35,000 people, Ridgecrest boasts big-city amenities while still maintaining a small-town atmosphere. Whether you come here to work, to retire, or to play, Ridgecrest is a place you’ll love to call home.

Community Profile Accessibility
With its convenient location near two major highways (U.S. 395 and State 14), Ridgecrest functions as the center of commerce for a large geographic area, as well as the gateway to the recreation and tourism opportunities of the High Desert and the Eastern Sierra.

Location
Ridgecrest is in the Indian Wells Valley, located in California’s Upper Mojave Desert. The valley has an elevation of 2,400 feet and is encircled by four mountain ranges - the Sierra Nevada on the west, the El Paso Range on the south, the Argus Range on the east, and the Coso Range on the north. Ridgecrest is about 130 miles northeast of Los Angeles, 120 miles east of Bakersfield.

Population
Ridgecrest has a population of about 28,000. The community is also a shopping and service center for smaller populations in China Lake, Inyokern, the Rand Mining District, and unincorporated areas of the Indian Wells Valley for a total population of around 35,000. People of all ages, races, and ethnic origins live here harmoniously.

Climate
The climate of the Indian Wells Valley is dry, with mostly mild temperatures. Cool evenings and low humidity offer relief from the midday heat of summer. The average daytime temperature during the summer season is 100º, with the average nighttime temperature only 51º. During the rest of the year, the average daytime temperature is 83º, with a 26º average nighttime temperature. During the past ten years, an average of 4.5 inches of rain has fallen on our valley.

Advantages and Assets
One major advantage to life in Ridgecrest is the low cost of living. We have the lowest commercial and residential real estate prices in California, shopping and recreation at reasonable prices, and average commute times of less than 10 minutes.

The Indian Wells Valley has:
- A small-town life-style with clubs and activities for every age and interest.
- A skilled, highly-educated technical work force.
- Housing costs that are among the lowest in the nation.
- Proximity to the spectacular scenery and recreational pleasures of the High Sierra and Death Valley National Park.
- Easy access to major metropolitan areas.
- Lower than average labor costs.
- Links to institutions of higher education through Cerro Coso Community College’s modern telecommunications and Internet-based systems.
McDonald's

Ridgecrest, CA 93555
760-375-7181

McDonald’s®
i’m lovin’ it™
of Ridgecrest
Naval Air Warfare Center (NAWC)
Our community has an array of sophisticated technical assets available through arrangement with the Navy at China Lake. After the end of the Cold War, Defense Department demands on China Lake’s laboratory and range assets declined. The private sector may now arrange to use many of those irreplaceable assets for non-defense applications.

- High-tech equipment and facilities, many of them unique to China Lake.
- 1,777 square miles of highly instrumented test ranges.
- World-class technology and expertise transfer able to the private sector.

The unusual landscape consists of more than 500 tufa spires, some as high as 140 feet, rising from the bed of the Searles Dry Lake basin.

Rademacher Hills Trail
The Rademacher Hills Trail is an 8.5-mile trail which extends through desert terrain on the south side of Ridgecrest. This trail is open to hiking, jogging, horseback riding and mountain biking. Most of the trail is closed to vehicles to avoid conflicts with non-vehicular users and nearby residents. This area is within the Ridgecrest city limits, and is closed to all shooting by city ordinance.

Trona Pinnacles
The Trona Pinnacles have been featured in many still-photo shoots, commercials, and films, including Star Trek - The Final Frontier, Planet of the Apes, and Dinosaur.

Coso Petroglyphs
Dating between 1,000 and 3,000 years old, the Coso petroglyphs are part of one of the largest concentrations of Native American rock art in North America.

Red Rock Canyon State Park
Picnic area, scenic drive, rock climbing, hiking, repelling, and much more.

Gymnasium

The Raymond A. McCue Athletics Complex was dedicated in 1992. The gymnasium is the home of the Lady Coyote’s Basketball and Volleyball teams, as well as the various Physical Education facilities and athletics staff offices. Aerobics, Circuit, and Weight Lifting rooms meet the needs of both athletes and general students.

Baseball Field

The “Dawg Yard” was constructed in 1993 and has undergone many changes and improvements throughout its 19 seasons of play. Through the vision of Coach Dick Adams and the muscle and sweat of the Dawgs, the Dawg Yard continues to be Cerro Coso’s field of dreams.

Racquetball Courts

With an average of 350 sunny days a year, the racquetball courts are available year-round.

Softball Field

Completed in 2002, the Women’s Fastpitch Softball field has only seen one season of play to date.

Track & Field/ Soccer Pitch

The track and field/soccer pitch is used by the new Women’s Soccer team and has also been used by many local youth teams, as well as regional Special Olympics competitions.

Tennis Courts

Previously located to the north of the main building, expanded and improved tennis court facilities are now located on the west end of the campus as part of the athletics complex.

2014 Coyotes Coaching Staff

Kris Dickson
Head Coach

Kris Dickson begins his second year with the Lady Coyote’s Soccer Team at Cerro Coso, coaching his 4th year at the collegiate level. An internationally certified coach with 24 years of club, high school and collegiate and national coaching experience, Kris’s prior stints at the collegiate and national level include: assistant men’s coach at NCAA Div I United States Air Force Academy (USAFA) and assistant coach of the Guam Women’s National Team. In addition to coaching women’s soccer at Cerro Coso he serves as the Director of Coaching for the Ridgecrest Scorpions Soccer Club and as the Vice President for the Coyote Club (Boosters).

Kris has an extensive background in student services, spending three years as a commanding officer of two cadet squadrons at USAFA and working as an officer representative for various cadet activities. He played intercollegiate soccer at American River College for 2 years, competing in the California State Finals in 1997, and played for 2 years at Sonoma State University (2002 NCAA Division II National Champions). He graduated with a B.S. in Kinesiology, later earning M.A. degrees in National Security and Strategic Studies and in Military History. A helicopter pilot in the Navy, LCDR Dickson heads the Search and Rescue Department on base. Approaching 20 years of service in the Navy, Kris and his wife Cami, both natives of California, have decided to settle here in Ridgecrest, which they consider an ideal place to raise their two sons: Cole (13) and Casey (12).

Sean Litton
Assistant Coach

Sean Litton is in his first year as the Lady Coyotes Assistant Coach. A native of Colorado, upon moving to Ridgecrest Sean served as an assistant with the Burroughs High School varsity squad, taking the Burros from last place to district champions in two years. He has also worked as a coach for the Scorpions Soccer Club, and as a camp coach for the Cerro Coso summer soccer camp. As a youth, Sean was a 4-year starter at Berthoud High School in Colorado, and played club ball at the University of Kansas. Having played every position on the pitch will allow him to work with all aspects of the game, providing drive, dedication, and a great deal of experience to our team. Sean graduated from New Mexico State with an M.S. in Mechanical Engineering, and currently works on base as an engineer for NAWCWD.

Morgan Taliaferro
Manager

Morgan Taliaferro is in his first year as a student assistant, holding the position of Team Manager, and started volunteering with the team in July 2014. Morgan has always held a love for the sport of soccer. Having played recreational soccer growing up, he continues to play when he can between his heavy academic load and team management responsibilities. He is already proving instrumental in helping to keep the program organized and on track.

2014 Season Outlook

Soccer is the single most popular sport in the entire world, and Cerro Coso is here to wave the flag in the high desert after another riveting World Cup in Brazil! With our own competitive Soccer Club (Scorpions SC) since 1982, the Matt Armstrong Memorial 5-a-side tournament every year since 1996, it is obvious that soccer is an integral part of our lively desert community. The upcoming season for the Lady Coyotes will be a bright and shining beacon for local soccer, and will continue to provide a pinnacle of the sport beyond the high school level. Although our team is very young, they bring a great deal of experience and a drive to succeed, and have demonstrated exceptional team chemistry over the summer. We had a solid recruiting year, and were able to draw several players from California City, Rosamond, and Kern Valley High Schools in addition to our local players hailing from Burroughs. This year’s squad features players predominately from Ridgecrest. Our team captains are Beverlee Wood, a Sophomore, and graduate of Burroughs High School, and Brianna Malone, a Freshman, and also a graduate of Burroughs.

Last year’s squad worked incredibly hard, but struggled to find success on the pitch. We suffered significant setbacks due to an extremely thin and inexperienced roster, which unfortunately shrank considerably throughout the season due to injuries and eligibility issues. This year, however, we have a committed core of experienced players with the desire to excel and the commitment to press on through the trials and tribulations that typically wear on newly formed teams. Reprising for their sophomore season is our Offensive Player of the Year, Daisy Zajicek, and Defensive Player of the Year, Jazmin Rodriguez. With those top performers, along with our newest additions, I expect our 2014 squad to surprise our opponents and find a great deal more success on the pitch this year!

Pre-Season Highlights

I am very excited to be entering our second year of Cerro Coso Women’s Soccer. It has been an eventful year trying to field a team before the fall season kicks off. We started off with only 5 returning players over the winter, and with only 3 of those eligible to play in the fall had to build a roster almost entirely from scratch! We found a large amount of support from our surrounding area high school coaches who encouraged their graduating seniors to continue playing in college.

Our program held its first ever soccer camp this summer to raise much-needed funds for equipment and travel, and we had a great turnout of local kids of all ages eager to learn the basics or build on their foundation of the sport. As fundraising is an ongoing endeavor, we will continue by supporting The Cerro Coso Cruise In operating on-campus once a month through the fall, where players and staff will provide food and drink for the gathering of car, truck, and motorcycle enthusiasts, and will continue their tradition of selling sweatshirts as the temperature begins to decrease. Coach Litton and I are absolutely thrilled with the team we have been able to build, and with how hard they have worked to prepare for the upcoming season. We want to develop a strong, positive and lasting program that will develop responsible student-athletes, good citizens and productive members of society. It is important to us that our players know how much we care about them, and in providing constant support I expect our aggregate G.P.A. to increase significantly this year. There is no doubt that we have recruited the right people for our team, and I know we are going to surprise opponents this year with our high level of fitness as well as technical and tactical proficiency. It’s shaping up to be a great season for the Lady Coyotes!

Values of Athletics

Taking part in athletics is an important part of our educational system. There is no other course in our schools today which can offer all the following benefits:

1. **Competition.** Our entire way of life is based on competition. Every person is competing to improve or maintain his standing. What better way to learn this important principle than through athletics?

2. **Physical Well Being.** The nation is becoming more conscious of the inadequacy of our youth in physical fitness. Through athletics, a foundation is built that can correct this situation.

3. **The Release of Physical Energy.** Someway, somehow students will find a way to release their physical energy. Athletics offer a wholesome medium for this purpose.

4. **Recognition.** Through guidance, players can learn to accept recognition in a proper manner. They learn that the praises they receive are not due to their effort alone.

5. **Understanding.** Players working together for a common cause learn to accept victory or defeat in a mature manner. Team members soon learn how to understand each other and to make adjustments for the good of the team.

6. **Emotional Control.** “When the going gets tough, the tough get going.” The athlete learns to get going, by tackling. The task at hand. Emotional blow-ups only hamper him/her.

7. **Discipline.** We hear the cry that young people need to learn discipline. Athletics teach self-discipline, vital to successful adult life.

8. **Perseverance.** Athletes learn to stay with the job and not give up until the contest is over.

9. **Thinking Under Pressure.** The accomplished businessman can attribute much of his success to this factor. Athletes learn it early in their career and use this ability the rest of their lives.

10. **Loyalty.** Being faithful to a team, a group, a cause, is an important lesson of athletics. A person will not fail himself when he has learned the lesson of being true to others.
Don’t you think it is time to elevate your health?

From little league fields to softball diamonds, to high school gridirons to college basketball courts, swimming pools and running tracks, comes sprains, fractures, dislocations, separations, and other traumas large and small.

When life throws you a big curve ball, a big hit, or a spill that you least expected it’s good to know our orthopedists are close by.

Let our sports medicine & orthopedic physicians get you back in action.

Quality Health Care, Right Here at Home ...

We have a simple ABC philosophy to provide high quality clinical care with respect & commitment

Accessibility

Open 5 Days
By Appointment: Monday to Friday
8:00 AM – 5:00 PM

Walk-ins: Monday to Friday
8:30 AM - 11:00 AM, 1:30 PM - 4:00 PM

Best Primary Care

Our dedicated primary care providers are here for you from child care to adolescent and adult care; and even for simple but mandatory physicals such as driver & sports physicals.

Cost Effective

We are committed to providing comprehensive, quality primary healthcare. We also offer inexpensive alternatives to patients without insurance or those with minimal coverage, on a sliding scale based on income and family size.

*** Now offering cash prices!

We accept Medicare, Medi-cal and most major insurances.

Call (760)-499-3855 to make your appointment

1111 N China Lake Blvd, Ridgecrest, CA 93555   Tel 760.499.3855   Fax 760.499.3870

Kinesiology

Career Goals
Physical Therapist

High School
Bramasole

Nickname
Tulip

Hobbies
Soccer, Reading, Swimming, Playing Cards Against Humanity, Video Games, and basically just having fun!

Favorite Athlete
Megan Rapinoe

Favorite Food
YES!

Favorite TV Show
Attack on Titan, Please Like

Me (Watch it!), Game of Thrones, Orange is the New Black, Arrested Development, and a ton more but I’m getting too lazy to name them all.

Favorite Movie
Anything with hot guys, superheroes, Disney (yes, I’m an actual college student, so what if Mufasa’s death still brings me to tears!), anything with Jennifer Lawrence (may she live long and prosper).

Favorite Musician/Group
“Oh my God, where to start?? Eminem, Muse, Vampire Weekend, Grouplove, MGMT, Paramore, Fall Out Boy, My Chemical Romance, Blink 182, myself on Rockband (I can shred the drums!), Foster the People, Panic! At the Disco, Iggy Azalea, Bastille, Imagine Dragons, Justin Timberlake, The Killers, Lorde, Marina and the Diamonds, OneRepublic, Neon Trees, Queen. I know I have forgotten someone and it’s going to drive me crazy until I realize who!

Person I Admire Most
My Mother and Beyonce. Just kidding. Or am I? No, for real, though my Mom is who I admire most.”

A wise woman once had a dream to change the lives of women for the better. Her hope was so contagious that, one person at a time, her dream spread around the world. Today, nearly 50 years later, millions have been touched by the legacy that Mary Kay Ash left. I'm proud to share in her commitment of caring and connecting in communities — just like ours — to help make a difference.
